

ST. CATHERINE UNIVERSITY

Department of Nursing DOCTOR OF NURSING PRACTICE PROGRAM

Guidelines for preparing your DNP project for submission to St. Catherine University Library for inclusion in Sophia, St. Catherine University's institutional repository:

1. Complete all areas of this form (note that some areas require signatures in ink). Print the completed form and sign as requested. Once you have secured final approval of your project, your advisor should also sign as requested. Important: The information you provide on this form (author and advisor name, title, etc.) should match the submitted project.
2. Provide the Department of Nursing Office Manager with an electronic final approved version of your scholarly project along with this permission form. Your project **must include an abstract**.
3. The Department of Nursing Office Manager will forward the approved project and permission form to the library (sophiair@stkate.edu) for inclusion in Sophia.
4. A note about embargoes: Because your project is being completed in the context of a degree program, its inclusion in Sophia should not prevent you from publishing your work in a journal. However, we will embargo your project (withhold it from public view) for two years in order to allow sufficient time for manuscript submission. Information about your project, including title, keywords, and abstract will be accessible upon deposit of your project. To learn more about embargoes and your rights as an author, see <https://libguides.stkate.edu/gradresearchprojects> or contact librarian Sue Gray at sagray@stkate.edu or 651-690-7898.
