Hello Mary,

I have attached my approval email from Catherine Kelly regarding my action research paper. How would you like it sent to you? A Google document, word document or PDF?

Thanks so much,
Justine

Hi Kate,

I'm just writing to make sure you received my draft that I sent you this morning. I modified the sentence that you noted the other day so it more closely represented what the authors noted in their paper.

Thank you for all you are doing,
Justine

Hi Justine!

This is looking great! Just a few more edits to make!

As for your question, when you're ready to submit to Sophia, you'll need to download your paper from Google Docs into a Word document and/or save as a PDF. Sometimes, the transition from Google Docs to Word can make margins a little wonky, so you'll want to make sure that the spacing is correct for your tables and your reference list before submitting. Once it is saved as a Word doc, there shouldn't be any changes as it gets uploaded into Sophia. Let me know if you have more questions about that.

I think we're really close! Let me know if you have any questions as you're revising.

Best,
Kate

Good morning Kate,

I hope you had a wonderful weekend! I am sorry that I did not get this to you on Friday, chaos ensued here at the construction site. 😊

I made all the corrections you suggested, I just have one question that I commented on in the paper for you.

When I have to fix the reference section, will that have to be done on the SOPHIA end after I upload and before I submit it?

Please let me know if there are any other things you see that I need to fix.

Thank you so much for your help!
Justine
